

MIDDLE EAST NORTH AFRICA (MENA) REGION

MIDDLE EAST & NORTH AFRICA (MENA) REGION AT A GLANCE

We are specialists in property, specialty and casualty reinsurance. Our dedicated underwriting teams focus on both proportional and excess of loss treaties within the MENA region. We also offer facultative capacity on an excess of loss basis across property, engineering, energy and casualty.

We take a customised approach to each risk, and with careful selection can take on the most challenging liabilities.

Our core strengths include:

- Specialised underwriting skills and capacity
- An understanding of local markets supported by global expertise
- Ability to interpret our clients' specific needs
- Long-term relationships with clients and brokers
- Significant per risk and catastrophe capacity
- Ability to offer Multi lines and bouquet solutions

HOW WE WORK

Our team works alongside brokers and clients throughout the region with the mutual aim of achieving results that benefit all involved. These relationships are long-lasting and give us the ability to innovate when transferring risk. Key to this is keeping pace with market developments and delivering consistently high quality service through strong corporate and personal relationships. And all of this is supported by Aspen's financial strength and global network.

WHERE WE WORK

Our London based team travel extensively across the region. We have considerable local knowledge and value face-to-face meetings.
